PM Compliance

Step 1: Cleanse with **Ultra Gentle Enzyme Cleanser**.

Step 2: Exfoliate, calm, and hydrate. Use **Double Enzyme Masque** to exfoliate and soften your skin. Rotate with **Purifying & Calming Masque** to calm your skin and help to control oil. Use one or both at least once a week.

Step 3: Stimulate with **Collagen-C Young Skin Complex**.

Step 4: Resurrect and maintain with **Resurrection™**.

Step 5: Nourish and exfoliate with **Skin Resurfacing Gel 12%**. If you are using Retin-A or Renova, mix a pea-sized portion of Retin-A or Renova with a pea-sized portion of **Skin Resurfacing Gel 12%** and then apply the mixture evenly over your skin.

Step 6: Correct hyperpigmentation as needed with **Skin Lightening Crème** for more sensitive, dry skin or **Skin Lightening Serum** for more oily skin.

Step 7: Nourish, protect, and replace moisture in your skin with **Retexture Crème**.

Step 8: Total Eye Care. Apply **Eye Youth** around the delicate eye tissue.

Note: Not all of the products listed in these steps are included in this system. While this system contains amazing products that will achieve dramatic Visual Changes® in your skin, the additional products mentioned in the above steps will help produce even more dramatic results. Additionally, your doctor may recommend a prescription to use in conjunction with this Home Care Compliance Program.
